

Frontend React Engineer

Tracy Sandoval

Hemet, CA | trxcycsgo@gmail.com | (951) 305-1215 | [Portfolio](#) | [Github](#)

Skills & Education

Skills: JavaScript, HTML5, CSS3, TypeScript, React, Next, Redux, Zustand, Git, Firebase, Tailwind, WCAG 2.2, Vitest
Western Governors University - Bachelor of Science Computer Science

Relevant Coursework

- Web Development Foundations, User Interface Design, Frontend Web Development, JavaScript Programming, Version Control, Data Management

Projects

Healthcare Platform

Prescripto Healthcare

- Developed a responsive React frontend for a healthcare platform, enabling patients to schedule and manage appointments
- Implemented design from Figma, pagination with React Router, and styled with Tailwind, auth was implemented with Clerk

Landing Page for Graphic Design Site

Layers

- Built a Next.js landing page with TypeScript for Layers, a graphic design platform where designers share their latest work and mock-ups
- Components created with semantic HTML5 and web accessibility features, TypeScript, and styled with Tailwind, CVA, & Framer Motion for animations

Real-time Messaging App

Akasha Terminal

- Created a full-stack real-time chat app with React and Firebase, allowing users to log in, connect, and chat securely.
- User and message data is managed between components with Zustand, and stored in Firestore's NoSQL DB, auth was implemented using Firebase Auth API, and styled with CSS3

AI Article Summarizer

Sumz AI

- Developed a React frontend for an AI article summarizer that extracts key insights from URLs using the AI Article Summarizer REST API.
- Implemented Redux for managing summaries as state and stored summaries in localStorage, ensuring persistent access to past searches.
